Free Furniture and Appliance Recycling Program

Interfaith Human Services' Free Furniture and Appliance Recycling Program provides household items at no cost to Centre County residents in need.

Our Free Furniture and Appliance Recycling Program serves hundreds of families every year who try to manage their family's needs with limited incomes. We also assist families who have faced catastrophic losses due to circumstances such as fire or flood.

The donation list provides you with the types of items we can use as well as those that we do not typically distribute. If your item needs to be fixed or does not work, we cannot use it. We have no resources to repair furniture or appliances. When you follow the Donation List you also help us to most effectively serve those in need.

IHS schedules furniture and appliance pick-ups as needed. If you would like to make a furniture or appliance donation, please call us at (814) 234-7731 to set up your appointment with our coordinator.

Thank you for supporting the work of Interfaith Human Services as we serve our neighbors in need.

If the items you wish to donate are on the "What We Don't Accept" list, please contact Centre Peace (phone: 814-353-9081, web: <http://www.centrepeace.org/>) or Goodwill Industries (phone: 814-237-8006, web: <http://www.goodwill.org/>).
